Technology transforms transit

- Runs all day on 3.5 hour charge
- Digital monitor for info
- Public-private partnership
- Added ridership to system
- Perimeter seating for a more conversational atmosphere

TRINITY METRO℠

Technology & communications

- Quarterly town halls on Facebook Live to enhance leadership accessibility
- Route-specific customer communications via text and email
- Digital displays on buses and trains to show next stops
- Coming soon: new website with interactive tools and trip planning
