January 2012: SH 26 bridges

December 2011: DFW Connector Milestone Celebration

Southbound International Parkway bridges north of DFW Airport

Eastbound SH 114 to northbound SH 121 bridge

Southbound International Parkway bridge over SH 114

Eastbound SH 114 off-ramp to DFW Airport

Westbound SH 114 frontage road bridge to southbound SH 121

William D. Tate Bridge

Westbound SH 114 frontage road over SH 26

68 lane miles

20 feet deep

A photograph of a construction site. A yellow excavator is in the process of loading a red dump truck with a grey bed. The truck is partially submerged in a deep, muddy pit. In the background, there is a large, light-colored concrete wall. The sky is overcast and grey. The text "20 feet deep" is overlaid in large white font across the center of the image.
